NOTES TO ETI MATERIAL

The writings and recordings that we make available have been written between 1996 and the present and each one reflects my understanding at the time it was written.

During this period my understanding has evolved continuously with key principles as set out below. This understanding may further evolve in time and may currently still contain error. You are therefore encouraged to seek the Almighty for guidance in all of what follows.

1. As far as i can determine the most accurate name for the Almighty is "Yah". "Yah" is the essential name of the Almighty creator of the heavens and earth.
2. The Hebrew word widely translated "THE LORD" or "Yahweh" or "Yahooeh" or "Yahueh" is more accurately translated as "Yah the eternally self existing". "THE LORD" is an accurate translation of "Baal" the name of a pagan deity and is therefore NOT pleasing to the Almighty and we should therefore use "Yah the eternally self existing instead" as an act of love toward Him.
3. The Hebrew word widely translated "God" or "Elohim" means "mighty one" or "Almighty" depending on context. "God" is also a pagan name and should be avoided, use "Almighty" or "Mighty One" as the context indicates as an act of love toward Him.
4. The name widely translated "Jesus" is more accurately translated "Yahooshua" which means "Yah is salvation". Yahooshua was a Hebrew and it is therefore more pleasing to him to be called by his Hebrew name.
5. There are several Greek words widely translated "Christ" which would more accurately be translated as "the anointing of the Spirit of the Almighty / Yah", "the anointed of the Almighty / Yah", etcetera. The use of Christ results in misunderstanding and should therefore be avoided and substituted with "anointing" or "anointed one" as the context indicates. In particular it is important to note that the anointing is of Yah and NOT Yahooshua – "Christ" meaning "anointing" is NOT synonymous with "Christ" meaning "anointed

one", thus Yahooshua is the "anointed one" but the Spirit of the Almighty is the "anointing". Yahooshua was filled with the Spirit of the Almighty and it was therefore the Spirit of the Almighty within Yahooshua that performed miracles and at times spoke.

6. The man known as "Jesus Christ", that is "Yahooshua the anointed of Yah", was a man filled with the Spirit of the Almighty NOT the Almighty in the flesh and he was resurrected as a legal consequence of living a sinless life NOT as a consequence of any divinity on his part. He accomplished a sinless life because as a spirit being prior to his birth as a human being he had served the Almighty as the first created being for a considerable time and therefore knew intimately the spiritual laws and the Kingdom of Heaven as he taught and applied them during his life on earth. His accomplishment makes it possible to seek to live a life like his in the knowledge of his humanity.
7. Yahooshua was resurrected to become the first born from the dead, king of kings and lord of lords and is seated at the Right Hand of the Father waiting till his enemies are made his footstool (Matthew 22:44, Mark 12:36, Luke 20:43, Acts 2:35, Hebrew 1:11, Hebrews 10:13).
8. Yahooshua came to fulfil the law (Torah) Matthew 5:17 and did not institute changes to the Torah. He did not introduce anything that fundamentally changed things recorded in the so called Old Testament.
9. There have been innumerable covenants between the Almighty and human beings, the covenants through Adam, Noah, Moses, Abraham, Isaac, Jacob, David, Solomon and Yahooshua are amongst the most important. The labels "Old Testament" and "New Testament" are misleading and should be avoided as far as possible.
10. The word "holy" would be more accurately translated "set apart" and this translation more clearly reveals the concept.
11. The Greek word widely translated "cross" actually means "stake" and refers to an upright post or tree trunk used as an execution instrument. The cross is actually a pagan symbol and we should avoid using it or wearing it.
12. The word "Bible" actually means "book" and has no particular significance other than this.
13. The book commonly known as "The Bible" is a collection of writings that have been transcribed by human beings and in its current versions contains errors of transcription and errors of translation and is compiled from multiple ancient source documents that do not all agree. It is recommended that you should read the bible in as many different translations as you can obtain.
14. The compilation of books known as "The New Testament" were almost certainly all or nearly all originally written in Hebrew or Aramaic and NOT Greek. There are over a thousand discrepancies

between the different source manuscripts on which the New Testament is based and there are books missing.

15. The compilation of writings in the book known as "The Bible" were written by human beings inspired by the Spirit of the Almighty BUT are not necessarily all 100% inspired and some of them contain contradictions or errors – it is up to each of us to seek the Almighty for guidance in interpreting and applying these writings. The bible is however the most reliable historical account of the interaction of the Almighty with human beings available.
16. The word baptism actually refers to immersion in a body of water and is prescribed repeatedly in Leviticus, it was NOT new when practised by John the immerser {baptist}.
17. Creation of man took place almost exactly six thousand years ago and we distribute material which substantiates this.
18. Human beings were of great intellect and great physical stature when created and have been degenerating every since to the point that this generation is the spiritually most degenerate generation that has ever lived.
19. Human beings have been learning about all evil since the time of creation, they knew about good from the beginning. The challenge of this generation is to restore truth.
20. There was a global flood and the entire surface of the earth was destroyed about 4,500 years ago. We distribute material relating to this. Noah's Ark has been found and we have material relating to this.
21. The Red Sea Crossing site, Sodom and Gomorrah, Mount Sinai (blackened by fire), evidence of Joseph in Egypt and the Ark of the Covenant have all been found and we distribute material relating to all these discoveries.
22. There is a day of Judgment on which all human beings will be judged and believers will be judged first on that day and subject to a more severe judgment and may be sentence to part of eternity in the lake of fire (Revelation 21:8).
23. The basis of the judgment will first and foremost be compliance with the ten commandments spoken by the Almighty at Sinai to millions of people. The Almighty's interpretation of those commandments and NOT human interpretation will form the basis. The judgment will also address our life conduct, our words, what we did with revelation given to us, obedience, compliance with our calling, etc. The document "Where will YOU spend eternity" discusses this in detail and is probably my most important writing.
24. The concept of marriage as we know it is derived from a Hebrew concept which is defined in Genesis 2:24, Genesis 15:9 to 21 and Deuteronomy 22:13 to 29 which evidences that the act of sexual intercourse with a virgin IS the act of cutting a life long blood covenant and the fusing of man and woman spiritually to become

one flesh. By extension sexual intercourse with a widow is a similar union and sexual intercourse with a divorced woman who is truly divorced in the Court of Heaven is also such a union. Anything else is adultery and fornication unless there are special circumstances that permit the woman to divorce and join to another man.

25. By extension it is possible for a man to take the virginity of more than one woman and therefore it is possible for a man to have a life long covenant union with more than one woman and this was the Almighty's intention from the beginning because virginity is a fundamental physiological attribute of female human beings.
26. Hebrews (Jews), Christians and Muslims all worship Yah the eternally self existing and all have considerable error but share the same roots of their faith.
27. I am human and fallible and i have concluded that there is more of me and less of the Almighty in my teachings than i believed at the time i wrote and recorded them -- nevertheless these teachings were the culmination of years of study and prayer and were covered by considerable prayer at the time they were written and accordingly i do believe that there was a high level of inspiration in much of what is written and recorded.

However you should exercise discernment in reading to my writings and listening to my recordings and make your own decisions about what is valid and what is not.

Please take account of these factors in considering these teachings.

I pray that you will find them valuable and that you will draw valuable lessons from reading and listening to them.

Warm regards and blessings

James Robertson
